It is with sadness we have to report the death of Jean Gibson, a long standing and valuable member of the ERA, as well as being on the Committee she was also a Road Steward. She was also very active within the community, particularly St. Lawrence Church. The ERA Committee send their condolences to Jean's family. Unfortunately we do not have any contact details for her next-of-kin but KS will try and get details. A suggestion was made that we send a donation to a charity and this was agreed in principal and KS will try and get details of this as well. KB then announced 30 seconds silence as a mark of respect. We understand that the funeral is Wednesday 10th February, at 2pm at St Lawrence Church and various member of the committee indicated that they will attend. (POST MEETING – KS was able to get details of her next-of-kin and a card has been sent.)

- Parking Machines – a request has been made to have a Parking Machine installed by the Doctor's Surgery in the Devonshire Car Park. The Council said "no" but we now understand that the Surgery have now written to the Council on this matter. At the same time a request was made that the parking spaces in that area be made Brown Badge and/or Disabled. It was also suggested that ERA should also write. We were informed that each machine costs approximately £3000 each and that there is a serious problem of vandalism at the moment in various car park within the Borough.

- It has come to our attention that Harrow Council proposes to charge Community Associations and others for the use of parks, public outside spaces and also private land for the holding of functions such as band concerts, firework displays etc. It is something we should monitor in case Hillingdon should decide to follow suit.
